DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The limitation "wherein the casing (1) includes a serrated portion (10) to facilitate the cutting of the toilet paper (4)." of claim 7 has already been cited in claim 1. Claim 8 is also a duplicated claim of claim 6. For the purpose of examination claims 7-8 are considered to be cancelled claims.

Allowable Subject Matter

3. The subject matter of claims 1-6 has been found to be allowable over the prior art of record for the same reasons described on the Non-Final action sent on 10/01/2008. Prior art of record does not disclose or suggest a toilet paper roll holder comprising, among others, means for supporting the paper roll; means for supplying a liquid and stop means; wherein the stop means includes an elastic spring which is introduced between ribs of an axle for supporting the roll.

Response to Arguments

4. The rejections of Gorman or Thorsbakken alone and/or in combination with others have been withdrawn.

The non-final action sent on 10/01/2008 was prepared in view of the claim listing filed on 04/11/2006 having a larger number of claims (claims 1-8) than other claim listing filed on the same date. One of the other claim listings with preliminary amendment filed on 04/11/2006 has 6 claims but in the claim listing the status of claims 7-8 was not indicated, as such the examiner used the claim listing with claims 1-8 in the examination. It is noted that there are four claim listings filed on 04/11/2006 for the instant application. In any event as explained above the subject matter of claims 1-6 (as amendment filed on 12/31/2008) has been found to be allowable for the reasons described above. Furthermore, claims 7-8 has 112 issues as explained above.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
